

Wine List

We have taken great care in putting the following list together, balancing a strong influence of French wines with some wonderful selections from other Old World countries as well as some great exemplars of New World wines. Over the last few years we have travelled to Bordeaux and Burgundy to source our wines 'En Primeur', and have been keeping these wines in our London bonds, waiting for the perfect time to introduce them to the main list. These include some wonderful small estate Châteaux such as Cantemerle, of which we have several successive vintages.

As a taster of this and some of the other wines we have to look forward to, we have added a list of them on the last page with some dates by which we hope to introduce them.

This year we have also started to introduce some fantastic wines from the United States of America, including the delicious Napanook, from the Dominus Estate in California - a Bordeaux style wine from the Moueix family.

At the Institute of Directors we have also chosen to work with a small selection of specialist wines suppliers that are able to help us choose wines that are both fitting for the venue as well as excellent wines.

It is with these small, and often family run, suppliers that we work together with to plan our wine evenings. Recently we have had some spectacular evenings with Louis Latour and Laurent-Perrier Champagne. Following on from these we are looking at further events for 2010 - an evening with Castillo Perelada wines and a Bordeaux-style evening are in the early planning stages with news to follow. Our events team will be keeping our budding 'wine club' updated as details are confirmed.

I do hope that you enjoy the wines on this list as much as we have enjoyed putting it together. On our list for 2010 we have added little glasses which depict wines that we believe are particular gems!

Burgundy

As the Pinot Noir and "terroir" is to the reds, so too the whites of Burgundy; producing a huge range of wines from such a small geographical area and from only one grape variety - chardonnay. Our selection, including Chablis, plots a journey through the Côte d'Or and Côte de Beaune
